- San Anton Gardens MELP Office
- Argotti Botanic Gardens – Mustering Room
- Buskett Woodland
 - Razzett tal-Ghorof
 - Razzett tal-Bosk
 - Razzett tal-Ispirtu
 - Buskett Education Hub
- Salina National Park – Mustering Room.

Our Commitments

- **Environmental Protection**

We will conduct the necessary interventions towards environment protection, including the protection of ecosystems, and take proactive measures to address climate change by reducing greenhouse-gas emissions and enhancing our resilience to climate-related risks. In carrying out our executive and administrative functions—including coordination, policy monitoring, stakeholder engagement and public outreach—we will seek opportunities to mitigate climate impacts and support national low-carbon and adaptation strategies.

- This will also include the efficient use of resources, through the reduction of energy, water and material consumption, promote digital processes to limit paper use, and manage waste responsibly, prioritising reduction, reuse and recycling.

- **Compliance with Legal and Other Requirements**

We will meet, and where practicable exceed, all applicable environmental legislation, regulations and other obligations relevant to our operations.

- **Continual Improvement**

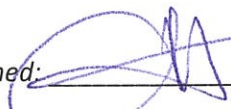

Through our Environmental Management System (EMS), we will set, review and pursue measurable objectives and targets to improve environmental performance and support Malta's national strategies on environment and energy.

- **Awareness and Engagement**

We will train and support staff to act responsibly, and we will engage with internal and external stakeholders to foster environmental awareness and collaboration.

This Policy provides the framework for establishing and reviewing environmental objectives. It applies to all of the 253 Ambjent Malta employees and persons working on our behalf at the defined locations and within the scope described above.

Ambjent Malta endorses and communicates this Policy to all staff and makes it available to the public and interested parties.

Signed:  Herman Galea
